## WIRELESS DIGITAL MUSIC SYSTEM

Streaming tracks wirelessly over Bluetooth aptX® or bringing your TV to life, the new EGG Wireless Digital Music System delivers pure, clear KEF quality sound – and as a complete 'plug-and-play' system with a built-in amp and DAC, it allows you to enjoy your music with the depth, clarity and detail of true high resolution sound.

Frosted Blu

## WIRELESS/ HIGH RESOLUTION SOUND

For enjoying high resolution sound from virtually any source, the new active KEF EGG wireless digital music system gives you a complete audio solution that combines the supremely accurate definition of KEF's latest Uni-Q® driver array with the ability to stream tracks wirelessly via Bluetooth aptX®. With integrated amplifier and DAC, 96kHz/24-bit mini USB input, distortion-free digital speaker connection and optical connection to your TV, it fulfils every requirement for a flexible, compact high resolution main sound system.

## Specyfikacja techniczna:

|                               |                                                                                                        |
